1. The following is an examiner's statement of reasons for allowance: the prior art of record teaches the method of introducing a tracer bolus into the circulatory system of a subject and determining a time series concentration data indicative of the concentration of the tracer in the tissue but the prior art of record does not teach or render obvious the steps of determining a residue function, determining distribution of transit times, and determining a probability density function as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
